WAR DEPT. RETURNS PARK

Final Order Received Returning Splendid Site for Public Park.

Punchbowl has been given back to the people of Hawaii for a public park. This news reached army headquarters this morning in the form of an executive order signed by the President, formally turning the reservation, with the exception of such land as is needed for military purposes, back to the Territory. The action has been contemplated for some time, and the recent controversy over the cutting down of the trees brought it to the attention of the general public. The people now have their park, but several acres of the finest shade trees have been destroyed and sold for firewood by the Kapiolani Estate, and the gift is not what it would have been a month ago. The United States reserves between thirty-nine and forty acres on the slope facing the city, and including this highest portion of the rim of the crater. One of the military objects of the site is for a signal station, and the high ground is very valuable for this purpose. This exception comprises about one-third of the total acreage. It now remains for the Governor to formally accept the tender, and the next Legislature to place Punchbowl Park in line for development. That the land can be used for no other purposes than for the public's use is shown by the following extract from the executive order: "The military reservation of Punchbowl Hill, as reserved by executive order of January 27, 1906, except the portion to be retained for military purposes, is hereby restored to its previous status for use by the Territory of Hawaii, solely for park purposes."

FISHER COMING ABOUT AUGUST

By this morning's mail via the Chio Maru, Acting Governor Mott-Smith received a lengthy letter from Governor Frazier dated in Washington, D. C., June 6. With the personal communication came also a copy of the fifteen-page typewritten brief which the Territorial Executive filed in the office of the Secretary of the Interior, asking permission for the \$1,500,000 bond issue flotation. The argument set forth in the brief contains no features that have not already been discussed at length by the local officials and by the Governor before his departure, though the document was drawn by him at Washington after his arrival there. In his letter he reiterates the news published here recently to the effect that Secretary of the Interior Walter G. Fisher plans to come to Hawaii after the adjournment of Congress, which now is expected to occur in the latter part of July or in August. He mentions that among the acquaintances he met while in New York was A. P. Judd.

LOW REFUSES AID FOR ARMORY FUND

Supervisor Gives Reasons in Detail for Balking at \$23,000 Appropriation—Points Out County Needs in Large Figures

A crying need for better roads and streets within the city, urgent necessity for repairs to County bridges, an increase in the municipal garbage equipment, these improvements calling for a sum approximating \$180,000 is given by Supervisor Low as a good and valid reason for his persistent refusal to agree to the municipal appropriation of \$23,000 for a larger armory for the Hawaii National Guard. A majority faction on the Board has practically decided to vote a substantial sum towards the erection of a suitable armory. Low has led the opposition to the proposed plan and to back up his contention, calls attention to a long list of resolutions which were adopted at previous meetings of the Board appropriating sums for municipal improvement for which no money has been made available. Supervisor Low's schedule includes the following:

Emma street, oil macadam, \$	5,500.00
Kalakaua avenue, from King street to bridge, including parking	23,000.00
Young street	3,000.00
Dole street	2,500.00
Queen street	25,400.00

Hotel street widening	25,000.00

Bishop street, between Queen and Merchant	2,200.00

1912 CLEAN-UP COSTING MORE, BUT WORTH MORE

Hawaii's second annual Clean-Up Day cost the community six or eight hundred dollars more in cash from the subscribed funds than the Clean-Up Day a year ago. On the other hand, more rubbish was moved yesterday in less time; the city was left much cleaner, and less work remains to be done after the day was over than on the similar occasion last year. R. von Damm, president of the Oahu Central Improvement Committee, this morning made an approximate estimate that yesterday's cash outlay will amount to at least \$1800, his preliminary estimate, and possibly more. Lack of volunteer donations of labor and carts in anything like the quantity available last year is the reason why the 1912 clean-up has been costly. But in the long run the Clean-Up Day

ment was drawn by him at Washington after his arrival there. In his letter he reiterates the news published here recently to the effect that Secretary of the Interior Walter G. Fisher plans to come to Hawaii after the adjournment of Congress, which now is expected to occur in the latter part of July or in August. He mentions that among the acquaintances he met while in New York was A. P. Judd.

RED CROSS LEADERS AID IN JAPAN-U. S. PEACE

Her Imperial Majesty, the Empress of Japan, an admirer of the Red Cross societies throughout the world, has donated 100,000 yen, or \$50,000, for the great work of the world's Red Cross Societies. The donation, according to Baron T. Ozawa, vice president of the Japanese Red Cross Society, who arrived this morning in the Chio Maru from San Francisco, was announced during the ninth conference of the International Red Cross Societies held recently in Washington. On behalf of the American people, President Taft immediately sent a special cable to the Empress of Japan, thanking her for the gift. The money, said Baron Ozawa this morning, will be expended according to the regulations laid out by the leaders of the International Red Cross Convention. Baron Ozawa, accompanied by Surgeon Inouye, Madam T. Natsui, Secretary M. Torio, Mr. N. Yoshizawa, correspondent of the Japanese Red Cross Society, and their attendants, was greeted at the wharf by Acting Consul General Mori, Secretaries Ito and Harada of the Consulate staff, Mr. and Mrs. Y. Akai, Mr. Y. Ishii, president of the local Japanese Red Cross society, and other local Japanese. The party passed through here eastbound about two months ago and was warmly greeted. Madam Nagasaki, interviewed this morning, said that the reception tendered Baron Ozawa and his party by President Taft in the White House was brilliant. President Taft asked Madam Nagasaki about the progress of the work of the Red Cross Society in Japan, and through her thanked the

JACK JOHNSON NOW INDICTED

CHICAGO, Ill., June 21.—Jack Johnson, champion pugilist, and his wife were indicted today for smuggling a \$3000 necklace into the country when they came from Europe.

(Special Bulletin Cable.) CHICAGO, Ill., June 21.—The majority reports of the Credentials Committee on the Alabama, Arkansas, Arizona and California contests have been adopted, with Hawaii supporting the minority report on California, which favored the Roosevelt men but was beaten. ATKINSON.

(Special Bulletin Cable.) CHICAGO, Ill., June 21.—There has suddenly developed talk of a third party convention, to be held in Chicago during the first week in August.

DEMONSTRATION FOR TEDDY STARTED BY JOHNSON

(Special Bulletin Cable.) CHICAGO, Ill., June 21.—The Taft forces won their fight in the California contest today, when the convention adopted the majority report by a vote of 542 to 529, the hardest battle thus far waged in the voting. Hawaii voted with the Roosevelt faction on this contest. Henry of California delivered an address against a storm of cheers, howls and interruptions. Governor Johnson of California was given a tremendous cheer when he pointed out that every presidential candidate, including Taft, had accepted the unit conditions imposed by the California law on the delegation from this State. He closed with an eloquent tribute to Roosevelt. As Johnson closed, there was a tremendous demonstration for Roosevelt, the great crowd yelling joyfully, "We want Teddy!" The credentials committee is proceeding slowly with its work. There is now slight hope for an adjournment of the convention this week. The possibility of a bolt is practically no longer considered. Roosevelt, Woodrow Wilson and Bryan are three very prominent figures at the convention sessions today, sitting in the reporters' gallery.

RICE VOTES WITH ROOSEVELT ON CONTEST

(Associated Press Cable.) CHICAGO, Ill., June 21.—Charles A. Rice, member of the convention delegation from Hawaii, voted against the Taft forces at an all-night session of the Credentials Committee last night. Rice's vote against Taft was registered on the contest over the two California delegates. After sitting all night, the Credentials Committee decided fourteen contests in favor of the Taft faction. The convention opened today at 12:26 o'clock. The Credentials Committee at once began a piecemeal submission of its report. The first report was on the Alabama contests. Hadley, Roosevelt floor leader, moved to substitute the minority for the majority report in adopting the committee's recommendations. The motion was tabled 569 to 499, the Taft forces showing a clear majority again in the voting. After this the majority report, favored by the Taft men, was adopted by a viva voce vote. A motion to table the minority report was then carried by a vote of 605 to 464. The voting on the reports showed Taft's strength throughout. A motion to table the minority report of the committee as a substitute for his majority report on the Arizona contest carried by 565 to 497. Hawaii's vote was cast for Taft on each occasion. The Taft forces carried through the majority report on the Arkansas contest by a viva voce vote. The reports on the California contests are now up. Henry and Johnson are leading the debate.

BRYAN-PARKER ROW IS WELL STARTED NOW

(Associated Press Cable.) CHICAGO, Ill., June 21.—William Jennings Bryan, who is here, is openly out after Judge Alton B. Parker. He refuses to stand for him for temporary chairman of the Democratic convention, and starts for Baltimore tomorrow to wage war on him. ROCHESTER, N. Y., June 21.—Judge Parker said today that he would accept the chairmanship.

(Special Bulletin Cable.) CHICAGO, Ill., June 21.—In the vote on the California contest report, all of the Territorial delegates except those from Hawaii voted with the Taft forces. Following this the convention took up the Georgia report of the credentials committee, which if adopted will seat a Taft delegation from Georgia. Bryan was given an ovation by the crowd today. As he walked down the aisle, the band struck up the well-known song: "And when I walk, I always walk with Billy. Cause Billy knows just how to walk; And when I talk, I always talk with Billy. Cause Billy knows just how to talk; And when I dine, I always dine with Billy. He takes me where I get my fill, And when I sleep, and when I sle-e-e-e-p, I always dream of Bill." The crowd laughed and cheered as the band played this, and Bryan smiled and nodded in response.

HAWAII BOOMED AT CONVENTION OF ADVERTISING CLUBS IN DALLAS

Honolulu and Hawaii were given enthusiastic and effective booming over thousands of miles of mainland soil and before thousands of mainland people by Charles R. Frazier of the Pioneer Advertising Company, who returned on the Honolulu from a long trip. Frazier set a new record among the hosts of advertising-men who attended the annual convention of the Associated Advertising Clubs of America at Dallas, Tex., last month. He had come farther to attend the session than any other delegate, and in recognition of the new affiliated club and the new delegate he was called upon to speak at banquets, receptions, sessions of the convention and on many other occasions. "I found everywhere that people wanted to know about Hawaii, and wanted definite ideas on local conditions with a view to coming here either as visitors or to make their homes here," said Mr. Frazier this morning. "I tried to give them straightforward facts and figures, knowing that the truth about Hawaii will always bring
